Jacques Intercom and PA Solutions Prisons application

Jacques integrated communication systems have been successfully installed in numerous secure facilities such as prisons and detention centers.

Jacques intercom and PA solutions are highly reliable, vandal resistant and able to withstand the conditions of these harsh environments. **Unlike traditional PA/Intercom, Jacques is fully IP-based thus reducing cabling, maintenance and expansion costs.**

Other features include:

Inmate Management: Call monitoring, call isolation, in-house audio distribution

Recording and logging: Complete event logging, recording to digital voice loggers

Integration: To Building Management Systems (BMS), Security Management Systems (SMS), CCTV systems, local telephone system (PABX/PBX) or the public switched telephone network (PSTN)

Other places that has installed Jacques:
*Airports, Busways and Train Stations,
Sports Complexes and Stadiums,
Outdoor Gathering Areas, Schools,
Libraries, Shopping Centres*

Case Study: CREATE Campus

Campus for Research Excellence And Technological Enterprise (CREATE) is a complex of research centres from world-class research universities and corporate labs, founded by the National Research Foundation (a department under the Prime Minister's Office).

Ademco is proud to be the integrator of the fully IP-based Unified Security Management Solution (USMS) that manages the access control, CCTV surveillance, alarms, intrusion detection and communications securing this innovation hub.

Case Study: JDSU

JDSU, a worldwide leading provider of optical products, and communications test and measurement solutions, has engaged Ademco to secure their new premise at Tech Point.

Solutions and services provided include an integrated access control system, IP CCTV with remote video surveillance capabilities and an Intrusion Detection System.

Case Study: Marina Bay Sands Retail Breguet and Omega retail stores

Luxury watch retail stores Breguet and Omega, both under the Swatch Group of companies, has engaged Ademco to be their security systems provider, fitted with Intrusion Detection Alarms system, CCTV and real-time monitoring.

Pinnacle @Duxton named 'Best Tall Building' -An Ademco Project-

The Pinnacle @Duxton was named the 'Best Tall Building' by the Chicago-based Council on Tall Buildings and Urban Habitat.

The buildings were chosen for their 'design and technical innovations, sustainable attributes, and the enhancement they provide to both the cities and the lives of their inhabitants'. (*source: StraitsTimes.com*)

Ademco Supports Helena Wong at the Commonwealth Games 2010 Delhi

Ademco has been a proud sponsor of Helena Wong in her training as a weightlifter. This young and extremely talented rising sports star has been studying and training in the UK for the past 15 months.

She will become the first woman weightlifter selected by Singapore to compete in a major sporting event, when she flies the Singapore flag in New Delhi.

The Ademco Family congratulates Helena on her remarkable achievement and wishes her all the best in the coming Games!
